The Amendment received on March 21, 2005, fails to comply with 37 CFR 1.121 in that several revisions to the specification and the claims were not indicated with underlining and strike-through or double bracketing (37 CFR 1.121(b)(1)(ii) and 37 CFR 1.121(c)(2)). For example, in the substitute paragraph at page 6, lines 24-30, "26" should have been underlined on the last line, and in claim 4, line 3, "the" was inserted without the requisite underlining. The examiner considers these to be minor deficiencies and has elected to simply act on said Amendment (MPEP § 714.03).

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 4, line 3, "the" has been deleted.

In claim 12, line 7, --valve-- has been inserted after "spaced".

In claim 23, line 4, "for the legs" has been deleted.

In claim 24, line 3, --said-- has been inserted after "of".

In claim 28, line 14, --the-- has been inserted after "with", first occurrence.

The above revisions were made in order to correct minor informalities and are consistent with the claims as previously presented in the Amendment of November 28, 1983.

The Applicant's remarks have been considered. The Applicant requests that prosecution of the instant case be reopened. The examiner acknowledges that there had been an extremely

long duration of inaction until the mailing of the Office action of October 19, 2004. During this period of inaction, the Applicant had the opportunity to file one or more continuation applications claiming the benefit of the present application under 35 U.S.C. 120 but did not do so; moreover, the examiner questions whether such a reopening would be fair to other members of the public. It is thus recommended that the Applicant file a petition under 37 CFR 1.182 (MPEP § 1002.02(b)) so that the appropriate USPTO authority can evaluate these issues.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Willse whose telephone number is (571) 272-4762.
